BOOK SYNOPSIS

Online communications can be cruel and vicious. They take place 24/7. Damaging text and images can be widely disseminated and impossible to fully remove. There are emerging reports of youth suicide, violence, and abduction related to cyberbullying and cyberthreats. In this book, the author provides school counselors, administrators, teachers and parents with cutting-edge information on how to prevent and respond to cyberbullying and cyberthreats. It covers challenging issues that occur as students embrace the Internet and other digital technologies such as: *Sending offensive, harassing messages *dissing someone or spreading nasty rumors online *Disclosing someones intimate personal information *Breaking into someones e-mail account and sending damaging messages under that persons name *Excluding someone from an online group *Using the Internet to intimidate The book includes detailed guidelines for managing in-school use of the Internet and personal devices, including cell phones. Appendices contain reproducible assessment and program forms, as well as parent and student handouts.
