BOOK SYNOPSIS

The relationship between medieval animal symbolism and the iconography of animals in the Renaissance has scarcely been studied. Filling a gap in this significant field of Renaissance culture, in general, and its art, in particular, this book demonstrates the continuity and tenacity of medieval animal interpretations and symbolism, disguised under the veil of genre, religious or mythological narrative and scientific naturalism. An extensive introduction, dealing with relevant medieval and early Renaissance sources, is followed by a series of case studies that illustrate ways in which Renaissance artists revived conventional animal imagery in unprecedented contexts, investing them with new meanings, on a social, political, ethical, religious or psychological level, often by applying exegetical methodology in creating multiple semantic and iconographic levels. *Brills Studies on Art, Art History, and Intellectual History*, vol. 2

PIERCED BY VENOM A REDEEMING CUPID NOVEL VOLUME 2 - Are you looking for Ebook Pierced By Venom A Redeeming Cupid Novel Volume 2 ?
